

EINS-ZWEI-ZERO ROSÉ

Alcohol-free ROSÉ

The challenge: This alcohol-free Rosé is a result of the increasing demand for a real alternative to soft drinks and fruit juices. We were encouraged to expand our range of alcohol-free wines by people who appreciate the taste and complexity of wine, but who are searching for a healthy and likewise alcohol-free alternative. The EINS-ZWEI-ZERO ROSÉ is not only dealcoholised, but also low in fat, low in sugar, and contains roughly one third of the calories that traditional wine with alcohol contains. By removing the alcohol, we also remove the metabolism-slowng and dehydrating effects associated with it, as well as the many risks brought about by being under the influence of alcohol. Another advantage of the ZERO is, that the same plant compounds that provide health benefits in wines with alcohol have also been found in abundant quantities in alcohol-free wines. Times have changed and so has our lifestyle; people with growing health consciousness or a religious background; designated drivers, calorie counters as well as expectant mothers now have an alternative to drink – EINS-ZWEI-ZERO ROSÉ – alcohol free.

The technique: To remove the alcohol from our wine, a gentle vacuum distillation has been used, to preserve the natural Riesling flavours. We have chosen this modern technique, because it allows us to extract the alcohol under extremely low pressure and temperature (around 30°C). Almost no flavours will be lost through the treatment of the wine during the dealcoholisation process.

With this method we can achieve a “real” ZERO – the Leitz EINS-ZWEI-ZERO, effective 0 % vol.

How does it smell, how does it taste – what’s the best pairing?

The Leitz EINS-ZWEI-ZERO ROSÉ offers an original character that is clean and fresh with notes of pale strawberries, raspberry and citrus: slight hints of fresh grapefruit and an underlying mineral base. The finish is dry and relatively long. Of course, an alcohol-free wine never will give the same depth, structure, and weight as a wine with alcohol, but this is extremely close to it and it is simply an alcohol-free wine tasting wine. Impressive.

We recommend to pair EINS-ZWEI-ZERO ROSÉ with summer salads or different fruits.

Varietal:	Diverse Rosé
Alcohol:	0 %vol.
Residual sugar (g/l):	45.2
Total acidity (g/l):	7.7
