

ZERO-POINT-FIVE

Pinot Noir alcohol free

The challenge: It is so important to create alcohol free alternatives, to give people the opportunity to enjoy the taste of wine - without consuming alcohol. Our dealcoholized Pinot Noir appeals to people who appreciate the taste and complexity of wine, but who are searching for an alcohol-free alternative. The new ZERO-POINT-FIVE-line is not only dealcoholized to a very low level, but also low in fat, low in sugar, and contains roughly one third of the calories that traditional wine with alcohol contains. By removing the alcohol, we also remove the metabolism-slowness and dehydrating effects associated with it, as well as the many risks brought about by being under the influence of alcohol. Another advantage of the ZERO-POINT-FIVE is, that the same plant compounds that provide health benefits in wines with alcohol have also been found in abundant quantities in alcohol-free wines. Times have changed and so has our lifestyle; people with growing health consciousness or a religious background; designated drivers, calorie counters as well as expectant mothers now have an alternative to drink – ZERO-POINT-FIVE, almost ZERO alcohol.

The technique: To remove the alcohol from our wine, we have used in this case the SCC – a Spinning Cone Column. To preserve the natural Pinot Noir flavours, we have chosen this modern technique. It allows us to extract the alcohol under extremely low pressure and temperature (around 35°C). No flavours will be lost through the treatment of the wine through the dealcoholisation process. With our knowledge on the technique, we can produce a “real” ZP5 – the ZERO-POINT-FIVE Pinot Noir - real taste without concerns.

How does it smell, how does it taste – what’s the best pairing?

The ZERO-POINT-FIVE Pinot Noir offers an original character that is clean and fresh with notes of red currant and cherries; you will also detect a nicely embedded tannic structure and an almost dry finish, which is remarkably long. Of course, an alcohol-free wine never will give the same depth, structure, and weight as a wine with alcohol, but this is extremely close to it and it is simply an alcohol-free wine tasting wine.

Impressive.

We recommend pairing this alcohol-free Pinot Noir with roast or game; it’s a nice option for grilled fish, or a Lamb Biryani. Enjoy!

Varietal:	100% Pinot Noir
Alcohol:	0.5 %vol.
Residual sugar (g/l):	44
Total acidity (g/l):	6.5
